Kohan Inc.

A Note From The President

Mohsen Ghoreshi, CEO/President

As the CEO and the president of Kohan Inc., I am pleased to introduce to you “Critical Facility Solutions” as an integrated part of our firm. This division is a team of highly experienced and creative members lead by Mr. David Diniz as director. David’s experience and expertise is well known and respected within the critical facility industry. We are proud to have David as part of our firm. We look forward in bringing you the critical facility services with great care, pride and confidence. Our culture is to provide services above and beyond traditional consulting practice. We are a one-of-a-kind professional consulting team that will turn your project into a reality. We look forward in having the opportunity to provide this unique service and be a partner in your future projects.

Our Vision

At Kohan Inc., our vision is to bring you the best in Critical Facility Solutions, providing efficiency and operations with a scalable smart growth in mind with every project and design. Our commitment is to accomplish your task with care and strong passion no matter where you are.

Who Are We ???

David Diniz, Director,
Critical Facility Solutions

Kohan Inc. Critical Facility Solution Team (CFS Team) brings you “industry’s best practices” for us to meet our client’s unique challenges. The CFS Team provides all levels of comprehensive critical facility solutions. This includes services to public and private sectors such as health care, commercial, high tech, local and state government facilities. Based in San Francisco, the CFS Team will adapt and translate the best national practices into your local solutions to enhance efficiency and productivity for our clients. Presently we offer our services with in the state of California only.

Kohan Inc. Critical Facility Team offers the following services and more:
